

PROJECT AETHER

Unified World & Design Document

v3.0 — Working Title

Canonical document. Supersedes all prior versions on any point of conflict.

PART ONE

World & Setting

01 — World Thesis & Tone

In a universe that defaults to nothing, everything that ever meant anything had to be built against the current — and the current always wins.

This is not a nihilist world. Meaning exists — locally, deliberately, between living things that choose to make it together. The tragedy is not that meaning is absent. It is that meaning is never load-bearing at the scale of the universe.

Tone

Dieselpunk world mid-collapse. The industrial revolution came too fast — powered not by coal, but by harvested Aether extracted from living things. The earth is scarred. Old structures are crumbling. The tone sits between Bloodborne (tragic, cosmic dread, beauty in decay) and Grim Dawn (desperate survival, humanity's last stand). No humor, no winking at the camera.

02 — The Freeblood

The player is a Freeblood — an unaffiliated mercenary, hunter, and occasional occultist working in the grey zones between city-states. Not heroism. Not destiny. Just something stubbornly, inexplicably, cosmologically inconvenient.

03 — Cosmology

Aether

Aether is the organizing principle of matter and reality. Living things produce it. Violent death, hollowing, and Maw consumption break the cycle. The Aether does not return.

The Mantle

The default state of reality where Aether is absent. Incoherent, structureless, wrong. Cannot be fought — only covered again by life generating Aether.

The Maw

A cosmic entity of unknown scale. It does not speak or communicate. It watches. The Maw is not malevolent. It feeds because feeding is what it is.

Maw Presence — Three Stages

- Stage 1 — Omen: Flickers when magic is cast. NPCs who overuse magic go missing.
- Stage 2 — Warning: Silhouettes in the sky. Gravity distortions. Reversed speech from dead Aetherials.
- Stage 3 — Destiny: One or two moments where the Maw looks at the player. No dialogue. I acknowledge you.

The Underrealm

The Mantle made traversable. The boundary between them is a condition, not a location.

The Pale Breath & The Hollowed

What living tissue does when its Aether has been consumed by the Maw. Life caught at the threshold — neither alive enough to recover nor dead enough to complete the transition.

04 — Factions

Tier 1 — Human Powers

Sovereign Directorate

Authoritarian diesel-era state. Their fundamental error is treating Aether as a resource rather than a condition.

The Freeholds

A patchwork of autonomous city-states. Unified by what they refuse rather than what they affirm.

Tier 2 — Ideological Orders

Aetheric Synod

Technomystic order with the most accurate partial picture — and a framework insufficient for cosmological reality.

The New Dawn

Eco-renewalists. Right about everything. Too small and too late.

The Eclipse Order

Scholars who achieved direct cognitive contact with cosmological reality. The madness is a cognitive load problem.

Tier 3 — Fringe and Nomadic

Pale Caravanserais

Nomadic communities in dangerous territories. Their lore is not in books — it is in people.

Tier 4 — Non-Human Military

Karvis Legion

Threshold-stabilized soldiers. Self-perpetuating — every Hollowed is a potential Legion soldier not yet stabilized.

Tier 5 — Cosmic Forces

- The Maw — see Cosmology
- The Mantle — see Cosmology
- The Veilborne Choir — feed on accumulated memory at the moment of death
- The Refined Aetherial Faction — unnamed. Endgame arrival. Feed with patience and precision.

PART TWO

Design Pillars & Philosophy

05 — Design Pillars

Pillar 1 — Build Identity is Sacred and Legible

Every player should be able to describe their character in one sentence. Depth without clarity is obfuscation.

- Failure state: builds that feel weak, unclear, or whose success feels accidental.

Pillar 2 — Combat Has Weight and Consequence

Every input must feel committed. Death should feel instructive, not cheap.

- Failure state: floaty inputs, spam-friendly design, movement systems that overshadow combat.

Pillar 3 — The World Rewards Curiosity

Optional areas should have outsized rewards. Hidden lore should feel discovered, not delivered.

- Failure state: worlds that exist only as a stage for combat.

Pillar 4 — Progression Must Feel Meaningful at Every Layer

Moment-to-moment, session-level, and long-term progression must each feel independently satisfying.

- Failure state: pointless grind, loot that doesn't feed build identity.

Pillar 5 — Mastery is Visible and Rewarded

The difference between a novice and a master should be visible in how the game looks when they play.

- Failure state: meta dominance, rigid builds, systems that punish creative approaches.

Pillar 6 — The Ceiling Should Never Be Visible

True infinite depth is not required — the feeling of infinite depth is.

- Failure state: players see the build ceiling too early and disengage.

06 — Design Philosophy

Show Don't Tell. And If You Have To Tell, Tell It In An Amazing Way.

Every system should communicate itself through experience before text. When text is unavoidable it should tell the player something true about the world, not just something true about the number.

- World design — the world teaches its grammar through experience
- Combat — enemy tells are learned, not explained
- Loot — a Shard of Tharsis makes you nervous before you use it
- Systems — the Fate Board reveals its depth through play not tooltips

The test: Could a player who never reads a tooltip understand what something does by experiencing it?

Endgame First

The endgame loop will be prototyped and proven before the campaign is built around it.

Start Minimal — Add Through Testing

No system should be added until testing reveals a genuine need for it.

Pillars as Veto Power

Any proposal conflicting with more than one pillar without exceptional justification should be rejected. The pillars are constraints, not guidelines.

PART THREE

Game Systems

07 — Combat System

The Four Combat Laws

- Commitment — Every attack has startup and recovery. No cancelling out of mistakes for free.
- Aggression is Rewarded, Not Required — Pressing forward has mechanical upside, but defensive play is valid.
- Reading Beats Reflexes — The best players win by anticipating, not reacting faster.
- Your Build Changes How You Fight — Different builds must feel mechanically distinct, not just numerically different.

Weapon Architecture

Slot	Type	Role
Primary	Melee weapon	Main damage expression. The player's identity weapon.
Sidearm	Ranged weapon or Crossbow	Quick, interruptive, combo-extender. Crossbow is slower, harder hitting, utility focused.
Conduit	Caster device	Utility, debuffs, terrain effects, Esoteric expression.
Secondary	Throwable	Supplementary deployable tools — grenades, knives, javelins.

Parry / Stance / Riposte System

Parry

- Timed defensive action — success negates or reduces incoming damage
- Restores a portion of Ward and Stamina on success
- Deals significant damage to enemy Stance bar — opens Riposte window

Stance

- Enemy resource bar — depletes through successful Parries

- Blunt and Explosive — strong depletion | Piercing and ranged — moderate | Spells — weakest
- When fully depleted — Composure breaks

Composure Break — Enemy

- Enemy becomes vulnerable — increased damage taken from attacks and skills (not spells)
- Riposte window opens — a combat event, not just a damage buff

Riposte

- High motion value committed attack — only available after Parry or Composure break
- Universal mechanic — available to every build. Cannot be triggered by auto-cast skills.

Block System

Active Block

- Player manually raises shield — costs Stamina
- Any hit facing the shield is blocked 100% — complete negation
- Sustained blocking depletes Stamina, eventually breaking player Composure
- Player Composure Break — brief mini-stun, coup de grace window opens for enemies

Passive Block

- Always active — percentage chance to block any incoming hit regardless of direction
- Successful Passive Block reduces damage based on Block Threshold — does not negate entirely
- Passive Block Chance: shield base up to 40% + % Increased mod (Tier 1: 31-35%) = up to 54%
- Total Passive Block Chance hard cap: 75%

Block Threshold

Passive Block Mitigation % = $\text{Block Threshold} / (\text{Block Threshold} + 1,300)$. Soft cap at 70%.

% Increased Passive Block Chance — Shield Mod Tiers

Tier	Range
1	31% — 35%

2	25% — 30%
3	19% — 24%
4	12% — 18%
5	5% — 11%

Stamina System

- Pool size governed by Instinct stat — 2 Stamina per Instinct point
- Depletes through Active Blocking and dodge rolls
- Passive regeneration when not actively blocking — 4 second delay after last block
- Active restoration: successful Parry, Riposte landing, kill
- Full depletion breaks player Composure — mini-stun, coup de grace window opens

Belt Stamina Regeneration Tiers

Tier	Stamina Regen Per Second
1	9% — 10%
2	7% — 8%
3	5% — 6%
4	3% — 4%
5	1% — 2%

Shield Identity by Type

Shield	Block Threshold	Block Chance	Armor	Evasion	Identity
Buckler	Very Low	Low	None	High	Evasion extender — mobile builds
Kite Shield	Low-Moderate	Moderate	Low	Moderate	Balanced hybrid
Tower Shield	Very High	High	High	None	Pure mitigation

Great Shield	Highest	High	Very High	None	Maximum tank
Spiked Shield	Moderate	Moderate	Moderate	Low	Offensive hybrid
Rune Shield	Moderate	Moderate	Low	Low	Ward/Esoteric focused
Warded Barrier	Low	Low	None	Low	Ward extender
Pavise	High	High	High	None	Stationary fortress

The Wound System

Wound	Effect
Bleeding	Damage over time. Movement unimpaired.
Rattled	Input sluggishness. Defensive options narrowed.
Scorched	Reduced Conduit effectiveness.
Hexed	Aetheric vulnerability. Aetherial enemies deal increased damage.

Co-op — Bleedout & Fracture

Full co-op. When a player dies they enter Bleedout State — 30 seconds of limited movement. Allies can revive with a channeled action. If no one revives them, the player Fractures — removed until allies reach a Hold Point.

08 — Damage Types

Category	Damage Type	World Origin
Physical	Kinetic	Dieselpunk firearms, blunt force, industrial impact
Physical	Piercing	Bayonets, bolts, directed penetrating force
Physical	Explosive	Runic grenades, industrial charges, area force
Elemental	Fire	Combustion, industrial burning, incendiary

Elemental	Cold	Environmental cold, chill effects, freezing
Elemental	Lightning	Electrical discharge, runic arcs
Esoteric	Aetheric	The organizing principle of reality weaponized — the Maw
Esoteric	Entropic	The Mantle — incoherence, wrongness, structurelessness
Esoteric	Pale	The Pale Breath — threshold energy, hollowing force

09 — Status Effects

Status effects apply bidirectionally — enemies can inflict them on the player and vice versa.

Physical

Status Effect	Damage Type	Effect
Armor Shred	Kinetic	Reduces target armor value
Bleed	Piercing	Physical Damage over Time
Stagger / Stun	Explosive	Disrupts target action

Elemental

Status Effect	Damage Type	Effect
Scorch	Fire	Increased vulnerability to further Fire damage
Ignite	Fire	Fire Damage over Time
Electrocute	Lightning	Stun / stagger effect
Chill	Cold	Slows movement and action speed
Freeze	Cold	Advanced Chill stage — full immobilization

Esoteric

Status Effect	Damage Type	Effect
---------------	-------------	--------

Aetherburn	Aetheric	Aether DoT that also burns the target's resource pool
Unraveling	Entropic	Increased Esoteric damage taken
Pallid	Pale	Reduced damage dealt

10 — The Slate System

The Slate System is the core passive and build customization system. Slates are modular passive items placed into the Fate Board — the player's primary build expression canvas.

What Are Slates?

Slates are loot items evaluated on five independent axes: Tag, Shape, Size, Modifier Count, and Modifier Values. Slates do not grant skills. They modify and enhance existing skills and passives.

Slate Sizes & Rarity

Size Range	Rarity Tier	Design Identity
2 to 4 tiles	Rare to Very Rare	Powerful intrinsic modifiers. Low Aether cost. No stat contribution. Pure modifier expression.
5 to 9 tiles	Common to Uncommon	Moderate modifiers, chain contribution, and stat contribution.
10 to 11 tiles	Common	Powerful through tile count and chain bonus. Weaker individual modifiers.

- Shapes vary within the same size tier — freely rotated and flipped on placement
- Unique and Mythic Slates are generally small — 2 to 4 tile range
- Slates are 1x1 in the Satchel inventory regardless of Fate Board size

Stats Per Tile

Slates sized 5 tiles and above provide stat contributions per tile. 2-4 tile Slates provide no stats.

Stat Layer	Per Tile Value
------------	----------------

Main Stat (fixed by tag)	1.7 per tile
Random Stat (any stat)	0.8 per tile
Total per tile	2.5 stat points

Main Stat by Tag

Tag	Main Stat
Kinetic / Piercing / Explosive	Strength
Fire / Cold / Lightning	Arcane
Aetheric / Entropic / Pale	Enigma
Armor / Evasion / Ward / Resistance / Resilience	Relevant defensive stat

The Fate Board

Vast and effectively unlimited. The limiting resource is Aether, not board size. The question is never 'will this fit' but 'is this worth the Aether cost.'

- Aether capacity: character progression + Enigma stat + gear rolls
- Stronger and better rolled Slates cost more Aether

Chain Bonus System

Tile Count in Chain	Bonus Per Tile	Maximum Bonus
Tiles 1 to 20	1.0% per tile	+20%
Tiles 21 to 40	0.75% per tile	+15%
Tiles 41 to 60	0.5% per tile	+10%
Tiles 61+	0.25% per tile	Soft infinite ceiling

Note: Whether stat rolls on Slates benefit from chain bonus amplification is deferred pending balance evaluation.

Mastery

Tag-specific stat multiplying the per-tile chain bonus rate AND weapon scaling grade effectiveness for that tag. Mastery is never universal — Cold Mastery only affects Cold.

Hybrid Slates

- Dominant tag determined by which chain is being extended
- Extending one chain: full bonus to dominant, half to secondary
- Bridging two chains simultaneously: full bonus to both — the skilled play reward
- Loops valid — each tile counts once. Double connections valid — tiles still count once.

Unique Slate — The Unbound Chorus

Property	Value
Size	2 tiles — Domino
Tag	Spell
Aether Cost	8
Implicit	"It does not wait for permission."
Modifier 1	Designate one Spell skill — that skill automatically triggers when its cooldown expires
Modifier 2	The triggered skill deals 60% of its normal damage when auto-cast
Modifier 3	Auto-cast triggers do not consume resources
Modifier 4	Auto-cast triggers cannot activate Riposte windows or apply Composure damage
Build Problem	Control traded for consistency. The Slate fires when it wants to, not when you want it to.

11 — Skill System

The Three Layers

Layer	Source	Function
-------	--------	----------

Weapon Type Skill Web	Weapon equipped	Allocatable point web per weapon type. Baseline nodes and complex skill nodes deeper in the web. Distinct branching paths.
Skill Tomes	Loot drops	Rare items granting outlier skills outside the natural weapon type web. Build-defining eureka moment drops.
Slates	Loot drops	Modify and amplify everything established by the web and Tomes. The third and deepest layer.

- 3 skills per weapon slot | 6 minimum | 9 maximum

Damage Formula

Final Damage = Base Weapon Damage x Motion Value x (Stat Scaling Grade Multiplier x Mastery Bonus)

- Motion values live on individual skills — never shown to the player as a number
- Low motion value — fast, chainable | High motion value — slow, committed, devastating
- Increased multipliers — additive, from Slates and gear
- More multipliers — multiplicative, rare, from skill web deep nodes and conditional moments

Letter Grade Scaling Ranges

Grade	Scaling Range	With +0.5 Mastery
S	150% — 200% of stat value	225% — 300%
A	106% — 149%	159% — 223%
B	76% — 105%	114% — 157%
C	56% — 75%	84% — 112%
D	36% — 55%	54% — 82%
E	20% — 35%	30% — 52%

Critical Strike System

Base Critical Strike Damage multiplier: 150% (1.5x). No soft cap on Critical Strike Chance — 100% is achievable through deep investment.

- Flat crit chance: fixed per weapon/spell type — varies from 2% to 8%
- Instinct: +3% increased crit chance per point (multiplies flat base)
- Intellect: +1% increased crit damage per point (multiplies base 150%)
- Sources: gear rolls, Silfre jewelry gem, Slates, skill web nodes

Base Crit Chance by Weapon Type

Weapon	Base Crit
Dagger	8%
Rapier	7%
Shortsword	6%
Saber	6%
Cutlass	5%
Mace	3%
War Pick	4%
Greatsword	4%
Claymore	4%
Halberd	5%
Spear	6%
Shock Lance	5%
Whip	4%
Pressure Fist	3%
Service Pistol	6%
Revolver	7%
Machine Pistol	3%
Crossbow	8%
Bolt Action Rifle	8%
Lever Action Rifle	7%
Loaded Shotgun	3%
Pump Action Shotgun	3%

Battle Rifle	5%
Submachine Gun	3%
Machine Gun	2%
Rail Carbine	7%
Voltage Pistol	5%
Pressurized Rifle	6%
Thermal Pistol	4%
Jet Rifle	5%
Wand	6%
Rod	5%
Focus	7%
Tome	4%
Talisman	5%
Seal	5%
Charm	6%
Lantern	4%
Staff	4%
Spell Gauntlet	5%
Athame	7%
Grimoire	4%
Fetish	5%
Throwing Knives	7%
Impact Hatchet	5%
Pressure Javelin	6%
Grenade	2%
Infusion Grenade	2%
Buckler bash	5%
Kite Shield bash	3%
Tower Shield bash	2%
Great Shield bash	1%

Spiked Shield bash	6%
Rune Shield bash	3%
Warded Barrier bash	2%
Pavise bash	1%

Base Crit Chance by Spell Type

Spell Type	Base Crit
Single target instant	7%
Single target projectile	6%
Area of effect	3%
Channeled	2%
Ground effect	1%
Summoned entity	4%

Damage Conversion & Gain As

- Damage Conversion: 25-60% per mod, two mods combine to 100% full conversion
- Gain As: adds bonus damage of a second type equal to % of primary — original unchanged

Weapon Infusion System

- Infusion Stone — applies damage type identity, replacing base stat scaling
- Shrivening Stone — removes infusion, resetting to neutral
- Some weapons may resist certain infusions based on material composition

12 — Stat System

Six baseline stats. All stats come from gear, Slates, Jewels, and infusions — no manual allocation on level up. All six stats can roll as explicit modifiers on gear, Slates, and Jewels.

Supercharge System

At a late game threshold, the player declares one stat to Supercharge — 25% amplification across all its mechanical expressions. Changeable at significant cost.

The Six Stats — Per Point Values

Stat	Mechanical Expressions	Per Point Value
Vitality	Flat Life Resilience / DoT mitigation	+2 Life +0.1 Life regen/sec +3 Resilience
Strength	Physical damage Stagger effect Stun Recovery	+1% increased Physical damage +1% Stagger effect +1% Stun Recovery
Instinct	Action Speed Critical strike chance Stamina pool	+0.5% Action Speed (1% Attack/Cast 0.7% Dodge 0.5% Move) +3% increased Crit Chance +2 Stamina
Arcane	Elemental damage Elemental Ailment recovery	+1% increased Elemental damage +1% Elemental Ailment recovery
Enigma	Esoteric damage Aether capacity Ward Restoration	+1% increased Esoteric damage +1% Esoteric Ailment recovery +1% Ward Restoration scaling
Intellect	Critical strike damage Flat Mana Mana regen Debuff effectiveness	+1% increased Crit damage +2 Mana +0.1 Mana regen/sec +1.5% Debuff effectiveness

Resource Mutators

Resource	Archetype	Rules
Mana	Default baseline	Flat pool from Intellect + gear. Regen from Intellect.
Rage	Strength/Physical melee	Generated by dealing and taking damage. Constantly drains. Generators and spenders.
Essence	Esoteric/summoning	Enables Esoteric skill amplification and minion summoning
Focus	Instinct/precision	Generated by successful dodges and parries
Momentum	Kinetic builds	Generated by chaining attacks without being hit. Lost on damage taken.

Life & Mana Tier Ranges

Tier 1 is best. % Increased Life/Mana from Jewels, Rings, Slates. Soft ceiling at 250% increased.

Tier	Life Range	Mana Range
1	144 — 160	96 — 112
2	128 — 143	84 — 95
3	112 — 127	72 — 83
4	96 — 111	61 — 71
5	80 — 95	50 — 60
6	66 — 79	41 — 49
7	52 — 65	32 — 40
8	40 — 51	24 — 31
9	30 — 39	18 — 23
10	21 — 29	12 — 17
11	13 — 20	7 — 11
12	6 — 12	3 — 6

13 — Equipment Slots

Armor

- Helmet
- Body Armour
- Gloves
- Boots

Weapons

- One-Handed Weapon + One-Handed Weapon (dual wield)
- One-Handed Weapon + Offhand (Shield)
- Two-Handed Weapon (occupies both weapon slots)

Accessories

- Amulet
- Belt
- Ring x4

Additional Slots

- Secondary — Throwables
- Conduit — Caster device

Non-Equipment

- Slates — placed on the Fate Board, not worn

14 — Inventory & The Cube

The Satchel

Tetris-style grid inventory. Players arrange items freely. No forced organization.

Footprint	Items
2x1 (portrait — tall)	Body Armour, Two-Handed Melee Weapons
1x2 (landscape — wide)	Large ranged weapons — Battle Rifle, Machine Gun, Bolt Action Rifle, experimental large rifles
1x1	Everything else — Helmets, Gloves, Boots, One-Handed Weapons, Shields, Conduits, Throwables, Accessories, Slates, Brands, Gems, Jewels, Stones, Vestiges, Skill Tomes

The Cube

3x3 grid crafting interface. Items and Brands placed anywhere — position does not matter, presence determines the recipe. Items occupy their Satchel footprint within the Cube.

- Maximum 2 of the same Brand per craft
- All items and Brands consumed on attempt unless Binder included
- Binder exempts all other Brands from consumption — only itself consumed
- Sever + accompanying Brand permanently seals that tag from rolling on the item

- Sever can be applied twice — second application has a chance to undo the first Sever
- Binder protects first Sever on a failed second Sever attempt

15 — Socket System

Items can have sockets accepting Gems or Jewels only. Brands cannot be socketed.

Item	Base Max Sockets	Corruption Max
Body Armour	6	7
Two-Handed Weapon	6	7
Helmet	4	5
Gloves	4	5
Boots	4	5
One-Handed Weapon	3	4
Offhand	3	4
Belt	2	3
Amulet	1	2
Ring	1	2

Standard maximum: 31 sockets. Full corruption maximum: 39. Corruption can add or remove multiple sockets simultaneously.

Gems — Full List

Gems change behavior based on socket type. Weapon = offensive. Armor = defensive. Jewelry = miscellaneous. Names derived from Old Norse.

Gem	Color	Weapon	Armor	Jewelry
Jarne (Kinetic)	Iron grey	Adds flat Kinetic damage	Reduces Kinetic damage taken	Attacks ignore % enemy Armor for Kinetic
Silfre (Piercing)	Pale silver	Attacks ignore % enemy Armor	Reduces Bleed duration on you	Increases Critical Strike chance

Raffe (Explosive)	Amber	Attacks have small AoE on hit	Reduces Stun duration on you	Reduces skill cooldowns
Eldre (Fire)	Crimson	Adds flat Fire damage	Increases Fire Resistance	Increases resource generation rate
Ise (Cold)	Ice white/sky blue	Chance to apply Chill on hit	Increases Cold Resistance	Increases enemy debuff duration
Leikre (Lightning)	Yellow	Chance to Electrocute on hit	Increases Lightning Resistance	Increases attack speed
Aedre (Aetheric)	Teal/purple	Adds flat Aetheric damage	Increases Ward restoration rate	Increases Aether capacity
Rotne (Entropic)	Dark purple	Chance to apply Unraveling on hit	Reduces Entropic damage taken	Reduces enemy Resistance when hit
Folre (Pale)	Bone white	Chance to apply Pallid on hit	Reduces Pale damage taken	Increases Ward restoration on kill

Jewels

- 4 mods, rolled randomly — socketable in gear pieces or Slates
- Slates have a chance to drop with a socket
- Standard Jewels — fixed 4 mod behavior regardless of socket location
- Unique/Mythic Jewels — behavior changes based on socket location
- Craftable through limited Brand interaction: Render, Rectify, Cleave, Excise only
- Double Cleave risk applies — second Cleave attempt can destroy the item
- Binder removes destruction risk on second Cleave attempt

16 — Defensive System

Gear Value Ranges

Stat	Body Armour	Helmet (60%)	Gloves/Boots (40%)
Armor	744	446	298
Evasion	2,455	1,473	982
Ward Threshold	1,745	1,047	698

Maximum totals: Armor 1,786 | Evasion 5,892 | Ward Threshold 4,188. Hybrid rolls possible.

Armor System

Formula: Damage Reduction % = Armor / (Armor + 6 x Hit Damage). Soft cap ~6,000 Armor.

- Kinetic — full percentage mitigation
- Piercing — partial mitigation
- Explosive — flat reduction

Flat Armor Mod Tiers

Tier	Flat Armor Range
1	200 — 250
2	165 — 199
3	133 — 164
4	104 — 132
5	78 — 103
6	56 — 77
7	38 — 55
8	24 — 37
9	14 — 23
10	8 — 13
11	4 — 7
12	1 — 3

Armor Mod Types

Mod Type	Effect	Available On
Flat Armor	Direct Armor value addition	Armor pieces, Belt
% Increased Armor	Multiplies total Armor value	Rings, Amulet, Slates, Jewels

Hybrid (% Armor + Flat Life)	Both simultaneously at reduced values	Armor pieces
------------------------------	---------------------------------------	--------------

Evasion System

Three expressions from one stat. Spells bypass Dodge Chance entirely — Deflection Chance and Deflection Mitigation still apply to spells.

Expression	Formula	Soft Cap
Dodge Chance	Evasion / (Evasion + 3,800)	65%
Deflection Chance	Evasion / (Evasion + 2,333)	75%
Deflection Mitigation	Evasion / (Evasion + 13,000)	35%

Special power or Slate investment can grant spell dodge as an exceptional build option.

Ward System

Secondary health pool absorbing Esoteric damage before Health. Five bracket system — regen caps within current bracket. Only kills cross bracket thresholds as baseline.

Bracket	Ward %	Mitigation
1	100% — 80%	50%
2	79% — 60%	35%
3	59% — 40%	20%
4	39% — 20%	10%
5	19% — 0%	0%

- Passive regen: 4% per second within bracket only
- 4 second delay after taking Esoteric damage before regen activates
- On kill: 5% Ward Restoration baseline
- Ward Restoration is a unified stat — Enigma scales it globally (+1% per Enigma point)
- Build investment unlocks additional restoration: Parry, Riposte, skill use, status effects
- Pool size: Low 800-1,200 | Moderate 2,000-3,000 | High 4,000-6,000

Resilience System

Formula: Resilience Mitigation % = Resilience / (Resilience + 2,000). Soft cap at 50% DoT mitigation. +3 Resilience per Vitality point.

Secondary Damage Reduction

Stat	Function
% Physical Damage Taken	Reduces all Physical damage including Bleed DoT ticks
% Elemental Damage Taken	Reduces all Elemental damage including Elemental DoT ticks
% Esoteric Damage Taken	Reduces all Esoteric damage including Esoteric DoT ticks

Full Mitigation Stack

Damage Category	Primary Stat	Secondary Stat	DoT Layer
Physical	Armor + Evasion	% Physical Taken	Resilience
Elemental	Resistance	% Elemental Taken	Resilience
Esoteric	Ward	% Esoteric Taken	Resilience

17 — Jewelry System

Mastery Rolls

- Tag-specific Mastery bonuses on rings, amulet, and belt
- Amplifies both Fate Board chain rates AND weapon scaling grades for that tag

Defensive Conversion Rolls

- A percentage of an existing defensive stat applying to a different damage category
- Example: % of Armor applying to Elemental mitigation

Damage Shift Rolls

One-way chain — Physical -> Elemental -> Esoteric. Esoteric is the end of the chain.

- 5-15% of Physical damage taken as Elemental damage
- 5-15% of Elemental damage taken as Esoteric damage

18 — Item Rarity & Affixes

Rarity	Color	Prefixes	Suffixes	Total Affixes	Craftable
Common	White	0	0	0 — base item only	Yes
Uncommon	Blue	Up to 1	Up to 1	Up to 2	Yes
Rare	Yellow	0 to 3	0 to 3	0 to 6	Yes
Unique	Orange	Fixed	Fixed	Varies	Limited
Mythic	Peach	Fixed	Fixed	Varies	Limited

- Rarity determined by base quality, not affix count
- Unique and Mythic items can be socketed and corrupted
- Only specific Brands interact with Unique and Mythic items

19 — Unique & Mythic Item Examples

Unique #1 — The Hollowed King's Mantle

Body Armour — Unique | "It belonged to someone who lasted longer than they should have."

- +45% Ward Threshold
- Incoming Esoteric damage is redirected to Mana before Health and Ward
- When Mana is depleted by Esoteric damage you take 200% of the overflow as Physical damage
- +20% increased Esoteric damage

Build Problem: Esoteric protection tied to Mana survival. Depleting Mana triggers devastating Physical hit bypassing Ward.

Unique #2 — Grevane's Accounting

Belt — Unique | "Every debt recorded. Every debt collected."

- Every hit you take is recorded as a Debt stack (maximum 20 stacks)
- Your next attack after stopping movement consumes all Debt stacks
- Consumed Debt deals 15% of total Debt damage as Retaliation Damage per stack
- While moving you deal 25% reduced damage

Build Problem: Enormous Retaliation burst for stationary builds. Movement penalty punishes mobile playstyles.

Unique #3 — The Pale Eye

Amulet — Unique | "It sees what you are becoming."

- Your Critical Strikes apply Pallid to enemies
- Pallid enemies take 30% increased damage from Critical Strikes
- You cannot recover Ward through any means
- +40% Critical Strike chance | +60% Critical Strike damage

Build Problem: Devastating Crit/Pallid loop. Ward recovery completely disabled.

Mythic — The Unmaking of Solen Vraath

Two-Handed Weapon — Mythic | "He sought to understand what the Maw was. This is what remained of the attempt."

- 480 Base Weapon Damage | S Enigma / S Arcane / E Strength / E Instinct
- Skills dealing Aetheric damage also deal 40% as Entropic — and vice versa
- Hitting an enemy with both simultaneously applies Unraveling and Aetherburn at double effectiveness
- Maximum Health reduced by 30% | Cannot use Physical or Elemental infusions

Build Problem: Highest Esoteric damage ceiling. Savage Health reduction. Total Esoteric commitment required.

20 — Crafting System

Three distinct crafting methods. Brands are the primary crafting currency — dropped as loot only, consumed on every attempt. Maximum 2 of the same Brand per Cube craft. Brands direct probability not guaranteed outcomes.

The Three Methods

Method	Risk Profile	Purpose
The Cube — Brand Combinations	Directed, controlled	Insert Brands to craft modifiers weighted toward Brand categories
Infusion Stone / Shrivening Stone	Focused, reversible	Change or remove a weapon's damage type identity
Shard of Tharsis	High risk, high reward	Chaotic transformation — agnostic to faction, damage type, and build

Brand List — Named

Damage Type Brands

Brand	Damage Type
Impel	Kinetic
Lancet	Piercing
Deflagrate	Explosive
Calcine	Fire
Quench	Cold
Galvanic	Lightning
Invoke	Aetheric
Efface	Entropic
Hollow	Pale

Defensive Type Brands

Brand	Defensive Type
Anneal	Armor
Attenuate	Evasion
Occlude	Ward
Temper	Resistance
Inure	Resilience

Umbrella Brands

Brand	Category
Distill	Resource
Inscribe	Skills
Hone	Skills
Quicken	Movement/Action

Crafting Utility Brands

Brand	Function
Render	Rerolls all explicit modifiers while keeping modifier count
Refine	Improves item quality, increasing modifier value ranges
Cleave	Locks one explicit modifier before rerolling others. Second application risks destroying the item.
Excise	Removes one explicit modifier of the player's choice
Bore	Adds sockets up to maximum allowed for that item type — one time use
Sever	Permanently seals a modifier tag from rolling on the item when combined with a tag Brand. Can be applied twice. Second application has a chance to undo the first Sever.

Special / Rare Brands

Brand	Function	Rarity
Binder	Preserves all other Brands on one attempt. Also protects first Sever on a failed second Sever attempt.	Rare
Facsimile	Creates a perfect duplicate of an item — duplicate is uncraftable	Legendary
Rectify	Rerandomizes explicit modifier values within existing ranges — no risk	Rare
Amalgam	Combines two same item types, mixing mods up to maximum modifier count — both consumed	Rare

Imbue	Adds a powerful implicit modifier in a controlled way	Legendary
-------	---	-----------

Vestiges

Killing a boss has a chance to drop a Vestige. Using a Vestige in the Cube alongside specific Brands directs which Vestige mod pool the craft pulls from. Vestige mods are extremely powerful and exclusive to each boss.

- Vestiges are consumed on use
- Brand combinations direct which Vestige mod category appears
- Vestige mods sit above the normal modifier pool in power level

Shard of Tharsis — Corruption

Exposes an item to chaotic forces. Chaos descends on everyone — agnostic to faction, damage type, and build. Every corruption attempt has an independent % chance to retain craftable/corruptible status regardless of outcome.

Possible Corruption Outcomes

- Nothing happens — Shard consumed with no effect
- Random implicit modifier added
- Existing explicit modifier ranges changed
- Additional explicit from similar mod pool
- Additional explicit from special powerful pool
- Add multiple sockets — can exceed base maximum by 1
- Remove multiple sockets
- Additional implicit added (maximum 2-3 total implicits)

Implicit Modifier Categories

- Stat scaling implicits — flat percentage increases to a stat or its expressions
- Damage type identity — adds a damage type or grants Gain As at meaningful percentages
- Defensive transformation — converts incoming damage, alters how a defensive stat applies
- Skill behavior modifiers — changes how a specific skill or skill category functions
- Resource alterations — modifies resource costs, generation, or capacity
- Threshold effects — triggers conditional bonuses when specific states are met
- Aether interaction — modifies Slate placement costs, board capacity, or chain bonuses

21 — Enemy Design

The Trinity Rule

Every enemy is a combination of at most two of the three qualities. No enemy can be all three simultaneously.

Enemy Archetype	Qualities	Design Identity
Glass Cannon	Fast + Lethal	Rushes aggressively, dangerous if it connects, dies quickly
Mobile Bruiser	Fast + Tanky	Hard to hit and hard to kill, lower individual damage
Heavy Hitter	Lethal + Tanky	Slow, telegraphed, devastating if contact is made

Enemy Damage Profiles

Enemies can have Gain As modifiers and damage conversion — dealing a percentage of one damage type as another. Applied deliberately per enemy type to create specific defensive challenges and prevent pure single-stat defensive builds from trivializing content.

22 — Build Archetypes

The systems we have built naturally support the following archetypes. This list is not exhaustive.

Physical Archetypes

- The Bruiser — High Strength, heavy armor, two-handed melee. Staggers everything. Slow, devastating.
- The Duelist — High Instinct, one-handed + shield. Parry and Riposte focused. Stamina management is the skill expression.
- The Skirmisher — High Instinct, dual wield. Mobile, evasive, chains fast low motion value attacks.
- The Sharpshooter — High Instinct, ranged primary. Precise, interruptive, maintains distance.

Elemental Archetypes

- The Pyromancer — High Arcane, Conduit focused. Scorch and Ignite stacking. Sustained devastating damage.
- The Stormcaller — High Arcane, Lightning focused. Electrocute chains. Fast hitting, disrupts constantly.
- The Glacialist — High Arcane, Cold focused. Control oriented. Chill into Freeze, devastating Comet hits.

Esoteric Archetypes

- The Veilwalker — High Enigma, Aetheric focused. Ward as both offense and defense. Aetherburn stacking.
- The Unraveler — High Enigma, Entropic focused. Unraveling stacks, Esoteric damage amplification.
- The Pale Knight — High Enigma, Pale focused. Pallid application. Ward bracket dancing.

Hybrid Archetypes

- The Occultist — Enigma + Intellect. Debuff stacking, status effect chains.
- The Warden — Strength + Enigma. Physical force with Esoteric riders.
- The Blade Saint — Instinct + Arcane. Precise elemental strikes. Critical strikes applying ailments.
- The Ironclad — Strength + Vitality. Maximum armor, maximum Life. The immovable object.
- The Ghost — Pure Instinct. Maximum Evasion and Deflection. Never gets hit cleanly.
- The Riposte Master — Instinct + Intellect. Parry and Riposte with debuff stacking.

Resource Mutator Archetypes

- The Berserker — Pure Rage. Takes damage to fuel aggression. Accepts punishment willingly.
- The Momentum Fighter — Momentum resource. Never stops attacking. One mistake collapses the resource.
- The Focusing Duelist — Focus resource. Every defensive success fuels offensive output.

Damage Expression Archetypes

- The Converter — 100% damage conversion builds. Sword dealing pure Pale damage.

- The Rider — Gain As focused. Primary damage with multiple riders spreading status effects.
- The Ailment Stacker — Intellect + Arcane. Compounding status effects. Every enemy covered in debuffs.

Deferred Archetypes

- Army Summoner — multiple weaker minions, Essence resource, Enigma scaling
- Singular Entity Binder — one powerful companion, deep investment
- Engineer — turret deployment, Kinetic/Piercing focused
- Ritualist — spell totems, Conduit focused
- Geomancer — ground effect control, Chilled/Burning/Pale ground
- Tempest — wind/air utility layer

23 — Mechanics Glossary

A living document. New mechanics are added as they are designed and locked.

Mechanic	Definition
Retaliation Damage	Damage that triggers in response to being hit or successfully blocking a hit.
Wound	A persistent debuff applied by heavy hits or failed blocks. Types: Bleeding (DoT), Rattled (input sluggishness), Scorched (reduced Conduit effectiveness), Hexed (Aetheric vulnerability).
Composure / Break (Enemy)	Enemies have a Composure Bar depleted via Stance damage. Break causes stagger, vulnerability to Riposte, and increased damage from attacks and skills (not spells).
Composure Break (Player)	Triggered when Stamina is fully depleted. Brief mini-stun. Enemies can capitalize with a Coup de Grace.
Stance	Enemy resource bar depleted through Parries and specific attacks. Blunt/Explosive fastest. Spells slowest.
Block Threshold	Determines how much damage a successful Passive Block mitigates. Formula: $\text{Block Threshold} / (\text{Block Threshold} + 1,300)$. Soft cap at 70%.
Coup de Grace	Special enemy attack only triggerable when player Composure is broken. Rare, reserved for elite enemies and bosses.
Unraveling	Entropic ailment. Enemies take increased damage from Esoteric sources.

Supercharge	Late game system. One stat amplified by 25% across all expressions. Changeable at significant cost.
Branded Item	Any item touched by the Brand crafting system. Unbranded items are untouched bases — pure potential.
Mastery	Tag-specific stat multiplying both the per-tile chain bonus rate AND weapon scaling grade multiplier for that damage type.
Motion Value	A per-skill multiplier reflecting commitment and weight of an attack. Never shown to the player as a number.
Damage Conversion	Converts 25-60% of one damage type into another before calculation. Two mods combine to 100%.
Gain X% As	Adds bonus damage of a second type equal to a percentage of primary. Original unchanged.
Stamina	Universal resource governing Active Blocking and dodge rolls. Pool from Instinct. Depletes through exertion, regenerates passively after 4 second delay.
Ward Restoration	Unified stat governing all Ward recovery sources simultaneously. Scaled globally by Enigma.
Deflection	When a hit connects but is not dodged, Evasion provides a chance to deflect it (Deflection Chance) and reduce its damage (Deflection Mitigation).

24 — Deferred Design

The following systems are philosophically established but details are deferred until more foundational layers are complete.

Crafting Details

- Cube combination rules — how many Brands per combination, fixed vs variable slots
- Brand rarity tiers — specific rarity framework for each Brand type
- Corruption probability distribution — outcome weightings
- Maximum modifier count per item — balance dependent

Systems Not Yet Designed

- Jewel mods — deferred to dedicated mod design session
- All item mod pools — gear, Slate, Jewel mods to be designed in one dedicated session

- Unique item designs — beyond examples provided
- Mythic item designs — beyond examples provided
- Gem rarity tiers
- Armor formula numerical tuning — X=6 established, full tuning pending playtesting
- Individual Freehold identities
- Aetherial taxonomy
- Shield bash mechanics
- Summoning and terrain control archetypes — full design session required
- Boss design philosophy
- Endgame content loop
- Weapon and armor base type naming — all placeholder pending world-native naming revision
- Chain bonus interaction with stat rolls on Slates — pinned pending balance evaluation

25 — Weapon & Armor Base Types

All base type names are placeholders pending world-native naming revision. Final tier of each armor/shield/throwable line gets the implicit modifier. Weapons keep implicits throughout all tiers. Quality tiers: Normal (no multiplier), Superior (15% on weapon damage mods / armor defensive stats), Masterwork (30% multiplier).

Melee Weapons

Rapier — 4 Lines

Line 1 — Duelist's Line (Riposte) | 10 items | Levels: 1, 11, 21, 31, 41, 51, 61, 71, 81, 91 |
Implicit throughout: +12% increased Riposte damage

Tier	Name	Level	Base Damage
1	Dueling Needle	1	4-9
2	Dueling Blade	11	11-17
3	Fencing Blade	21	19-27
4	Court Rapier	31	29-39
5	Duelist's Edge	41	41-53
6	Parrying Foil	51	55-69
7	Riposte Foil	61	71-87
8	Bladedancer's Foil	71	89-107

9	Veilstep Foil	81	109-129
10	Bladesinger's Foil	91	131-153

Line 2 — Evasion Line | 9 items | Levels: 1, 12, 23, 34, 45, 56, 67, 79, 91 | Implicit throughout:
+14% increased Evasion while wielding

Tier	Name	Level	Base Damage
1	Thin Blade	1	3-7
2	Slender Blade	12	9-15
3	Swift Blade	23	17-25
4	Shadow Blade	34	27-37
5	Veilstep Blade	45	39-51
6	Ghost Foil	56	53-67
7	Phantom Foil	67	69-85
8	Wraith's Edge	79	87-105
9	Specter's Foil	91	107-129

Line 3 — High Damage Line | 8 items | Levels: 1, 14, 27, 40, 53, 66, 79, 91 | Implicit throughout:
+8% increased Physical damage

Tier	Name	Level	Base Damage
1	Iron Spike	1	5-11
2	War Spike	14	13-21
3	Battle Rapier	27	23-33
4	Warfighter's Blade	40	35-47
5	Soldier's Rapier	53	49-63
6	Commander's Blade	66	65-81
7	Warlord's Rapier	79	83-101
8	Conqueror's Foil	91	103-127

Line 4 — Attack Speed Line | 7 items | Levels: 1, 16, 31, 46, 61, 76, 91 | Implicit throughout:
+18% increased Attack Speed

Tier	Name	Level	Base Damage
1	Flicker Blade	1	3-6

2	Quick Blade	16	8-13
3	Dancer's Blade	31	15-22
4	Quickstep Foil	46	24-33
5	Tempest Blade	61	35-46
6	Stormstep Foil	76	48-61
7	Cyclone's Edge	91	63-79

Dagger — 3 Lines

Line 1 — Assassination (Crit) | 10 items | Implicit throughout: +15% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Crude Knife	1	3-7
2	Shiv	11	9-14
3	Dirk	21	16-22
4	Stiletto	31	24-31
5	Poignard	41	33-42
6	Gut Hook	51	44-55
7	Assassin's Blade	61	57-70
8	Shadow Fang	71	72-87
9	Deathmark	81	89-106
10	Voidfang	91	108-127

Line 2 — Bleed Line | 9 items | Implicit throughout: +20% increased Bleed duration

Tier	Name	Level	Base Damage
1	Rusty Knife	1	2-6
2	Serrated Knife	12	8-13
3	Barbed Blade	23	15-21
4	Thorn Blade	34	23-31
5	Fang Blade	45	33-43
6	Venomfang	56	45-57

7	Bleeder	67	59-73
8	Hemorrhage	79	75-91
9	Exsanguinator	91	93-111

Line 3 — Speed Line | 8 items | Implicit throughout: +22% increased Attack Speed

Tier	Name	Level	Base Damage
1	Flicker Knife	1	2-5
2	Swift Knife	14	7-11
3	Blur Blade	27	13-18
4	Quickfang	40	20-27
5	Tempest Fang	53	29-38
6	Stormfang	66	40-51
7	Cyclone Fang	79	53-66
8	Maelstrom's Edge	91	68-83

Shortsword — 3 Lines

Line 1 — Balanced | 9 items | Implicit throughout: +6% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Blade	1	5-11
2	Short Blade	12	13-21
3	Arming Sword	23	23-33
4	Soldier's Blade	34	35-47
5	Battle Blade	45	49-63
6	War Blade	56	65-81
7	Veteran's Blade	67	83-101
8	Champion's Blade	79	103-123
9	Conqueror's Edge	91	125-149

Line 2 — Parry Line | 8 items | Implicit throughout: +12% increased Parry effectiveness

Tier	Name	Level	Base Damage
------	------	-------	-------------

1	Guard Blade	1	4-9
2	Defender's Blade	14	11-18
3	Warden's Edge	27	20-29
4	Sentinel's Blade	40	31-42
5	Guardian's Edge	53	44-57
6	Protector's Blade	66	59-74
7	Stalwart Edge	79	76-93
8	Ironwall Edge	91	95-115

Line 3 — Evasion Line | 7 items | Implicit throughout: +13% increased Evasion while wielding

Tier	Name	Level	Base Damage
1	Light Blade	1	3-7
2	Swift Edge	16	9-15
3	Ghost Blade	31	17-25
4	Shadow Edge	46	27-37
5	Phantom Blade	61	39-51
6	Specter's Edge	76	53-67
7	Wraith's Blade	91	69-85

Saber — 3 Lines

Line 1 — Slashing | 9 items | Implicit throughout: +9% increased Physical damage

Tier	Name	Level	Base Damage
1	Worn Saber	1	6-13
2	Light Saber	12	15-24
3	Battle Saber	23	26-37
4	War Saber	34	39-52
5	Cavalry Saber	45	54-69
6	Officer's Saber	56	71-88
7	Commander's Saber	67	90-109
8	Warlord's Saber	79	111-132

9	Conqueror's Saber	91	134-159
---	-------------------	----	---------

Line 2 — Momentum | 8 items | Implicit throughout: +15% increased Momentum generation

Tier	Name	Level	Base Damage
1	Hussar's Blade	1	5-11
2	Cavalry Blade	14	13-21
3	Charge Blade	27	23-33
4	Rush Saber	40	35-47
5	Surge Saber	53	49-63
6	Tempest Saber	66	65-81
7	Cyclone Saber	79	83-101
8	Maelstrom Saber	91	103-125

Line 3 — Riposte | 7 items | Implicit throughout: +11% increased Riposte damage

Tier	Name	Level	Base Damage
1	Dueling Saber	1	4-9
2	Court Saber	16	11-18
3	Fencer's Saber	31	20-29
4	Parry Saber	46	31-42
5	Riposte Saber	61	44-57
6	Bladedancer's Saber	76	59-74
7	Bladesinger's Saber	91	76-93

Cutlass — 2 Lines

Line 1 — Aggressive | 8 items | Implicit throughout: +10% increased Physical damage

Tier	Name	Level	Base Damage
1	Worn Cutlass	1	6-13
2	Sailor's Cutlass	14	15-24
3	Buccaneer's Blade	27	26-37
4	Corsair's Cutlass	40	39-52

5	Raider's Blade	53	54-69
6	Marauder's Cutlass	66	71-88
7	Reaver's Blade	79	90-109
8	Dreadcutter	91	111-133

Line 2 — Bleed | 7 items | Implicit throughout: +18% increased Bleed damage

Tier	Name	Level	Base Damage
1	Barbed Cutlass	1	5-11
2	Serrated Cutlass	16	13-21
3	Thorn Cutlass	31	23-33
4	Fang Cutlass	46	35-47
5	Venomcutter	61	49-63
6	Hemorrhage Blade	76	65-81
7	Exsanguinator's Edge	91	83-101

Greatsword — 4 Lines

Line 1 — High Damage | 9 items | Implicit throughout: +11% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Greatsword	1	8-17
2	Heavy Blade	12	19-31
3	War Blade	23	33-47
4	Battle Greatsword	34	49-65
5	Warlord's Blade	45	67-85
6	Titan's Edge	56	87-107
7	Colossus Blade	67	109-131
8	Devastator's Edge	79	133-157
9	Apocalypse Blade	91	159-187

Line 2 — Stagger | 8 items | Implicit throughout: +14% increased Stagger effect

Tier	Name	Level	Base Damage
------	------	-------	-------------

1	Crushing Blade	1	7-15
2	Breaker Sword	14	17-27
3	Sunder Blade	27	29-41
4	Ruin Sword	40	43-57
5	Obliterator Sword	53	59-75
6	Annihilator Blade	66	77-95
7	Cataclysm Sword	79	97-117
8	Armageddon Blade	91	119-143

Line 3 — Riposte | 7 items | Implicit throughout: +13% increased Riposte damage

Tier	Name	Level	Base Damage
1	Duelist's Greatsword	1	6-13
2	Court Greatsword	16	15-24
3	Bladedancer's Sword	31	26-37
4	Parrying Claymore	46	39-52
5	Riposte Claymore	61	54-69
6	Bladesinger's Sword	76	71-88
7	Veilstep Claymore	91	90-109

Line 4 — Momentum | 7 items | Implicit throughout: +16% increased Momentum generation

Tier	Name	Level	Base Damage
1	Charging Blade	1	6-13
2	Rush Sword	16	15-24
3	Surge Blade	31	26-37
4	Tempest Sword	46	39-52
5	Cyclone Blade	61	54-69
6	Maelstrom Sword	76	71-88
7	Vortex Claymore	91	90-109

Claymore — 2 Lines

Line 1 — High Damage | 8 items | Implicit throughout: +12% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Claymore	1	9-19
2	Heavy Claymore	14	21-33
3	War Claymore	27	35-49
4	Battle Claymore	40	51-67
5	Warlord's Claymore	53	69-87
6	Titan's Claymore	66	89-109
7	Colossus Claymore	79	111-133
8	Devastator's Claymore	91	135-161

Line 2 — Stagger | 7 items | Implicit throughout: +16% increased Stagger effect

Tier	Name	Level	Base Damage
1	Crushing Claymore	1	8-17
2	Breaker Claymore	16	19-31
3	Sunder Claymore	31	33-47
4	Ruin Claymore	46	49-65
5	Obliterator	61	67-85
6	Annihilator	76	87-107
7	Cataclysm	91	109-131

Halberd — 3 Lines

Line 1 — High Damage | 9 items | Implicit throughout: +10% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Halberd	1	7-15
2	Iron Halberd	12	17-27
3	War Halberd	23	29-41
4	Battle Halberd	34	43-57
5	Heavy Halberd	45	59-75
6	Warlord's Halberd	56	77-95

7	Titan's Halberd	67	97-117
8	Colossus Halberd	79	119-141
9	Devastator's Halberd	91	143-169

Line 2 — Bleed/Pierce | 8 items | Implicit throughout: +18% increased Bleed damage

Tier	Name	Level	Base Damage
1	Barbed Halberd	1	6-13
2	Serrated Halberd	14	15-24
3	Thorn Halberd	27	26-37
4	Fang Halberd	40	39-52
5	Venomhalberd	53	54-69
6	Hemorrhage Halberd	66	71-88
7	Exsanguinator's Halberd	79	90-109
8	Bloodreaper	91	111-133

Line 3 — Reach/AoE | 7 items | Implicit throughout: +20% increased AoE radius on attacks

Tier	Name	Level	Base Damage
1	Long Halberd	1	5-11
2	Extended Halberd	16	13-21
3	Sweeping Halberd	31	23-33
4	Reaping Halberd	46	35-47
5	Cleaving Halberd	61	49-63
6	Harvester	76	65-81
7	Reaper's Toll	91	83-101

Spear — 3 Lines

Line 1 — Piercing | 9 items | Implicit throughout: +15% increased Piercing damage

Tier	Name	Level	Base Damage
1	Crude Spear	1	6-13
2	Iron Spear	12	15-24

3	War Spear	23	26-37
4	Battle Spear	34	39-52
5	Heavy Spear	45	54-69
6	Warlord's Spear	56	71-88
7	Titan's Lance	67	90-109
8	Colossus Lance	79	111-133
9	Devastator's Lance	91	135-159

Line 2 — Bleed | 8 items | Implicit throughout: +20% increased Bleed damage

Tier	Name	Level	Base Damage
1	Barbed Spear	1	5-11
2	Serrated Spear	14	13-21
3	Thorn Lance	27	23-33
4	Fang Lance	40	35-47
5	Venomspear	53	49-63
6	Hemorrhage Lance	66	65-81
7	Bloodlance	79	83-101
8	Exsanguinator's Lance	91	103-125

Line 3 — Momentum | 7 items | Implicit throughout: +14% increased Momentum generation

Tier	Name	Level	Base Damage
1	Charging Spear	1	5-11
2	Rush Lance	16	13-21
3	Surge Spear	31	23-33
4	Tempest Lance	46	35-47
5	Cyclone Spear	61	49-63
6	Maelstrom Lance	76	65-81
7	Vortex Lance	91	83-101

Mace — 3 Lines

Line 1 — Stagger | 8 items | Implicit throughout: +14% increased Stagger effect

Tier	Name	Level	Base Damage
1	Cudgel	1	7-17
2	Club	14	19-31
3	Flanged Mace	27	33-47
4	War Mace	40	49-65
5	Crusher	53	67-85
6	Breaker	66	87-107
7	Sunder	79	109-131
8	Obliterator	91	133-159

Line 2 — High Damage | 8 items | Implicit throughout: +12% increased Physical damage

Tier	Name	Level	Base Damage
1	Iron Mace	1	9-21
2	Heavy Mace	14	23-37
3	Warhammer	27	39-55
4	Great Mace	40	57-75
5	Devastator	53	77-97
6	Ruination	66	99-121
7	Annihilator	79	123-147
8	Cataclysm	91	149-177

Line 3 — Retaliation | 8 items | Implicit throughout: +20% increased Retaliation damage

Tier	Name	Level	Base Damage
1	Spiked Club	1	7-15
2	Barbed Mace	14	17-27
3	Thorn Mace	27	29-41
4	Reprisal Mace	40	43-57
5	Vengeance Mace	53	59-75
6	Retribution	66	77-95
7	Reckoning	79	97-117

8	Divine Reckoning	91	119-143
---	------------------	----	---------

War Pick — 2 Lines

Line 1 — Armor Penetration | 8 items | Implicit throughout: +20% Armor penetration on hits

Tier	Name	Level	Base Damage
1	Crude Pick	1	6-13
2	Iron Pick	14	15-24
3	War Pick	27	26-37
4	Battle Pick	40	39-52
5	Heavy Pick	53	54-69
6	Warlord's Pick	66	71-88
7	Titan's Pick	79	90-109
8	Devastator's Pick	91	111-133

Line 2 — Stagger | 7 items | Implicit throughout: +16% increased Stagger effect

Tier	Name	Level	Base Damage
1	Crushing Pick	1	7-15
2	Breaker Pick	16	17-27
3	Sunder Pick	31	29-41
4	Ruin Pick	46	43-57
5	Obliterator Pick	61	59-75
6	Annihilator Pick	76	77-95
7	Cataclysm Pick	91	97-117

Shock Lance — 2 Lines

Line 1 — Lightning | 8 items | Implicit throughout: +18% increased Lightning damage

Tier	Name	Level	Base Damage
1	Static Lance	1	5-11
2	Volt Lance	14	13-21

3	Charge Lance	27	23-33
4	Thunder Lance	40	35-47
5	Storm Lance	53	49-63
6	Tempest Lance	66	65-81
7	Cyclone Lance	79	83-101
8	Maelstrom Lance	91	103-125

Line 2 — Electrocute/Stagger | 7 items | Implicit throughout: +22% increased Electrocute duration

Tier	Name	Level	Base Damage
1	Stunning Lance	1	4-9
2	Shock Lance	16	11-18
3	Disruption Lance	31	20-29
4	Paralysis Lance	46	31-42
5	Seizure Lance	61	44-57
6	Convulsion Lance	76	59-74
7	Annihilator Lance	91	76-93

Whip — 2 Lines

Line 1 — Bleed | 8 items | Implicit throughout: +22% increased Bleed damage

Tier	Name	Level	Base Damage
1	Crude Whip	1	3-7
2	Leather Whip	14	9-15
3	Barbed Whip	27	17-25
4	Thorn Whip	40	27-37
5	Fang Whip	53	39-51
6	Venomwhip	66	53-67
7	Hemorrhage Whip	79	69-85
8	Exsanguinator's Lash	91	87-107

Line 2 — AoE/Reach | 7 items | Implicit throughout: +24% increased AoE radius on attacks

Tier	Name	Level	Base Damage
1	Long Whip	1	2-5
2	Extended Lash	16	7-11
3	Sweeping Whip	31	13-18
4	Reaping Lash	46	20-27
5	Cleaving Whip	61	29-38
6	Harvester's Lash	76	40-51
7	Reaper's Lash	91	53-66

Pressure Fist — 2 Lines

Line 1 — Explosive | 8 items | Implicit throughout: +20% increased Explosive damage

Tier	Name	Level	Base Damage
1	Crude Pressure Fist	1	5-11
2	Iron Pressure Fist	14	13-21
3	War Pressure Fist	27	23-33
4	Battle Pressure Fist	40	35-47
5	Heavy Pressure Fist	53	49-63
6	Warlord's Pressure Fist	66	65-81
7	Titan's Pressure Fist	79	83-101
8	Devastator's Pressure Fist	91	103-125

Line 2 — Stagger | 7 items | Implicit throughout: +18% increased Stagger effect

Tier	Name	Level	Base Damage
1	Crushing Fist	1	6-13
2	Breaker Fist	16	15-24
3	Sunder Fist	31	26-37
4	Ruin Fist	46	39-52
5	Obliterator Fist	61	54-69
6	Annihilator Fist	76	71-88
7	Cataclysm Fist	91	90-109

Ranged Weapons

Service Pistol — 3 Lines

Line 1 — Critical Strike | 9 items | Implicit throughout: +12% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Worn Pistol	1	4-9
2	Service Pistol	12	11-18
3	Officer's Pistol	23	20-29
4	Marksman's Pistol	34	31-42
5	Sharpshooter's Pistol	45	44-57
6	Precision Pistol	56	59-74
7	Deadeye's Pistol	67	76-93
8	Assassin's Pistol	79	95-114
9	Executioner's Pistol	91	116-139

Line 2 — High Damage | 8 items | Implicit throughout: +10% increased Physical damage

Tier	Name	Level	Base Damage
1	Heavy Pistol	1	5-11
2	War Pistol	14	13-21
3	Battle Pistol	27	23-33
4	Combat Pistol	40	35-47
5	Warlord's Pistol	53	49-63
6	Titan's Pistol	66	65-81
7	Colossus Pistol	79	83-101
8	Devastator's Pistol	91	103-125

Line 3 — Interrupt/Stagger | 7 items | Implicit throughout: +18% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor Pistol	1	3-7
2	Disruptor Pistol	16	9-15

3	Interruptor Pistol	31	17-25
4	Breaker Pistol	46	27-37
5	Sunder Pistol	61	39-51
6	Ruin Pistol	76	53-67
7	Obliterator Pistol	91	69-85

Revolver — 2 Lines

Line 1 — High Damage | 9 items | Implicit throughout: +11% increased Physical damage

Tier	Name	Level	Base Damage
1	Worn Revolver	1	6-13
2	Service Revolver	12	15-24
3	Officer's Revolver	23	26-37
4	Combat Revolver	34	39-52
5	War Revolver	45	54-69
6	Warlord's Revolver	56	71-88
7	Titan's Revolver	67	90-109
8	Colossus Revolver	79	111-133
9	Devastator's Revolver	91	135-161

Line 2 — Critical Strike | 8 items | Implicit throughout: +14% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Duelist's Revolver	1	5-11
2	Marksman's Revolver	14	13-21
3	Sharpshooter's Revolver	27	23-33
4	Precision Revolver	40	35-47
5	Deadeye's Revolver	53	49-63
6	Assassin's Revolver	66	65-81
7	Executioner's Revolver	79	83-101
8	Headhunter's Revolver	91	103-125

Machine Pistol — 2 Lines

Line 1 — Volume Fire | 8 items | Implicit throughout: +25% increased Attack Speed

Tier	Name	Level	Base Damage
1	Crude Machine Pistol	1	2-5
2	Light Machine Pistol	14	7-11
3	Combat Machine Pistol	27	13-18
4	War Machine Pistol	40	20-27
5	Heavy Machine Pistol	53	29-38
6	Assault Machine Pistol	66	40-51
7	Warlord's Machine Pistol	79	53-66
8	Devastator's Machine Pistol	91	68-83

Line 2 — Suppression | 7 items | Implicit throughout: +20% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor Machine Pistol	1	2-4
2	Disruptor Machine Pistol	16	6-9
3	Interruptor Machine Pistol	31	11-15
4	Breaker Machine Pistol	46	17-22
5	Sunder Machine Pistol	61	24-31
6	Ruin Machine Pistol	76	33-42
7	Obliterator Machine Pistol	91	44-55

Crossbow — 3 Lines

Line 1 — High Damage | 9 items | Implicit throughout: +12% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Crossbow	1	7-15
2	Light Crossbow	12	17-27
3	War Crossbow	23	29-41
4	Battle Crossbow	34	43-57

5	Heavy Crossbow	45	59-75
6	Warlord's Crossbow	56	77-95
7	Titan's Crossbow	67	97-117
8	Colossus Crossbow	79	119-141
9	Devastator's Crossbow	91	143-169

Line 2 — Critical Strike | 8 items | Implicit throughout: +15% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Marksman's Crossbow	1	6-13
2	Sharpshooter's Crossbow	14	15-24
3	Precision Crossbow	27	26-37
4	Deadeye's Crossbow	40	39-52
5	Assassin's Crossbow	53	54-69
6	Executioner's Crossbow	66	71-88
7	Headhunter's Crossbow	79	90-109
8	Bladesinger's Crossbow	91	111-133

Line 3 — Mobility | 7 items | Implicit throughout: +18% increased Mobility utility effectiveness

Tier	Name	Level	Base Damage
1	Swift Crossbow	1	5-11
2	Veilstep Crossbow	16	13-21
3	Ghost Crossbow	31	23-33
4	Phantom Crossbow	46	35-47
5	Specter's Crossbow	61	49-63
6	Wraith's Crossbow	76	65-81
7	Shadow's Crossbow	91	83-101

Battle Rifle — 3 Lines

Line 1 — High Damage | 9 items | Implicit throughout: +11% increased Physical damage

Tier	Name	Level	Base Damage
------	------	-------	-------------

1	Crude Battle Rifle	1	7-15
2	Service Battle Rifle	12	17-27
3	Combat Battle Rifle	23	29-41
4	War Battle Rifle	34	43-57
5	Heavy Battle Rifle	45	59-75
6	Assault Battle Rifle	56	77-95
7	Warlord's Battle Rifle	67	97-117
8	Titan's Battle Rifle	79	119-141
9	Devastator's Battle Rifle	91	143-169

Line 2 — Armor Penetration | 8 items | Implicit throughout: +22% Armor penetration on hits

Tier	Name	Level	Base Damage
1	Piercer Battle Rifle	1	6-13
2	Penetrator Battle Rifle	14	15-24
3	Lancer Battle Rifle	27	26-37
4	Breacher Battle Rifle	40	39-52
5	Sunder Battle Rifle	53	54-69
6	Ruin Battle Rifle	66	71-88
7	Obliterator Battle Rifle	79	90-109
8	Annihilator Battle Rifle	91	111-133

Line 3 — Stagger | 7 items | Implicit throughout: +16% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor Battle Rifle	1	5-11
2	Disruptor Battle Rifle	16	13-21
3	Interruptor Battle Rifle	31	23-33
4	Breaker Battle Rifle	46	35-47
5	Sunder Battle Rifle	61	49-63
6	Ruin Battle Rifle	76	65-81
7	Obliterator Battle Rifle	91	83-101

Bolt Action Rifle — 3 Lines

Line 1 — Critical Strike | 10 items | Implicit throughout: +14% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Worn Bolt Rifle	1	9-19
2	Service Bolt Rifle	11	21-33
3	Combat Bolt Rifle	21	35-49
4	Marksman's Rifle	31	51-67
5	Sharpshooter's Rifle	41	69-87
6	Precision Rifle	51	89-109
7	Deadeye's Rifle	61	111-133
8	Assassin's Rifle	71	135-159
9	Executioner's Rifle	81	161-187
10	Headhunter's Rifle	91	189-219

Line 2 — High Damage | 9 items | Implicit throughout: +13% increased Physical damage

Tier	Name	Level	Base Damage
1	Heavy Bolt Rifle	1	11-23
2	War Bolt Rifle	12	25-39
3	Battle Bolt Rifle	23	41-57
4	Combat Bolt Rifle	34	59-77
5	Warlord's Bolt Rifle	45	79-99
6	Titan's Bolt Rifle	56	101-123
7	Colossus Bolt Rifle	67	125-149
8	Devastator's Bolt Rifle	79	151-177
9	Apocalypse Bolt Rifle	91	179-209

Line 3 — Armor Penetration | 8 items | Implicit throughout: +25% Armor penetration on hits

Tier	Name	Level	Base Damage
1	Piercer Bolt Rifle	1	9-19
2	Penetrator Bolt Rifle	14	21-33

3	Lancer Bolt Rifle	27	35-49
4	Breacher Bolt Rifle	40	51-67
5	Sunder Bolt Rifle	53	69-87
6	Ruin Bolt Rifle	66	89-109
7	Obliterator Bolt Rifle	79	111-133
8	Annihilator Bolt Rifle	91	135-161

Lever Action Rifle — 2 Lines

Line 1 — High Damage | 8 items | Implicit throughout: +12% increased Physical damage

Tier	Name	Level	Base Damage
1	Worn Lever Rifle	1	7-15
2	Service Lever Rifle	14	17-27
3	Combat Lever Rifle	27	29-41
4	War Lever Rifle	40	43-57
5	Heavy Lever Rifle	53	59-75
6	Warlord's Lever Rifle	66	77-95
7	Titan's Lever Rifle	79	97-117
8	Devastator's Lever Rifle	91	119-143

Line 2 — Critical Strike | 7 items | Implicit throughout: +15% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Marksman's Lever Rifle	1	6-13
2	Sharpshooter's Lever Rifle	16	15-24
3	Precision Lever Rifle	31	26-37
4	Deadeye's Lever Rifle	46	39-52
5	Assassin's Lever Rifle	61	54-69
6	Executioner's Lever Rifle	76	71-88
7	Headhunter's Lever Rifle	91	90-109

Loaded Shotgun — 2 Lines

Line 1 — High Damage | 8 items | Implicit throughout: +14% increased AoE radius on hits

Tier	Name	Level	Base Damage
1	Crude Shotgun	1	8-17
2	Service Shotgun	14	19-31
3	Combat Shotgun	27	33-47
4	War Shotgun	40	49-65
5	Heavy Shotgun	53	67-85
6	Warlord's Shotgun	66	87-107
7	Titan's Shotgun	79	109-131
8	Devastator's Shotgun	91	133-159

Line 2 — Stagger | 7 items | Implicit throughout: +20% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor Shotgun	1	7-15
2	Disruptor Shotgun	16	17-27
3	Interruptor Shotgun	31	29-41
4	Breaker Shotgun	46	43-57
5	Sunder Shotgun	61	59-75
6	Ruin Shotgun	76	77-95
7	Obliterator Shotgun	91	97-117

Pump Action Shotgun — 2 Lines

Line 1 — High Damage | 8 items | Implicit throughout: +15% increased AoE radius on hits

Tier	Name	Level	Base Damage
1	Crude Pump Shotgun	1	9-19
2	Service Pump Shotgun	14	21-33
3	Combat Pump Shotgun	27	35-49
4	War Pump Shotgun	40	51-67
5	Heavy Pump Shotgun	53	69-87

6	Warlord's Pump Shotgun	66	89-109
7	Titan's Pump Shotgun	79	111-133
8	Devastator's Pump Shotgun	91	135-161

Line 2 — Armor Penetration | 7 items | Implicit throughout: +22% Armor penetration on hits

Tier	Name	Level	Base Damage
1	Piercer Pump Shotgun	1	8-17
2	Penetrator Pump Shotgun	16	19-31
3	Breacher Pump Shotgun	31	33-47
4	Sunder Pump Shotgun	46	49-65
5	Ruin Pump Shotgun	61	67-85
6	Obliterator Pump Shotgun	76	87-107
7	Annihilator Pump Shotgun	91	109-131

Submachine Gun — 2 Lines

Line 1 — Volume Fire | 8 items | Implicit throughout: +28% increased Attack Speed

Tier	Name	Level	Base Damage
1	Crude SMG	1	2-5
2	Service SMG	14	7-11
3	Combat SMG	27	13-18
4	War SMG	40	20-27
5	Heavy SMG	53	29-38
6	Assault SMG	66	40-51
7	Warlord's SMG	79	53-66
8	Devastator's SMG	91	68-83

Line 2 — Suppression | 7 items | Implicit throughout: +22% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor SMG	1	2-4
2	Disruptor SMG	16	6-9

3	Interruptor SMG	31	11-15
4	Breaker SMG	46	17-22
5	Sunder SMG	61	24-31
6	Ruin SMG	76	33-42
7	Obliterator SMG	91	44-55

Machine Gun — 2 Lines

Line 1 — Volume Fire | 8 items | Implicit throughout: +30% increased Attack Speed

Tier	Name	Level	Base Damage
1	Crude Machine Gun	1	3-7
2	Service Machine Gun	14	9-15
3	Combat Machine Gun	27	17-25
4	War Machine Gun	40	27-37
5	Heavy Machine Gun	53	39-51
6	Assault Machine Gun	66	53-67
7	Warlord's Machine Gun	79	69-85
8	Devastator's Machine Gun	91	87-107

Line 2 — Suppression | 7 items | Implicit throughout: +24% increased Stagger effect on hit

Tier	Name	Level	Base Damage
1	Suppressor Machine Gun	1	3-6
2	Disruptor Machine Gun	16	8-13
3	Interruptor Machine Gun	31	15-22
4	Breaker Machine Gun	46	24-33
5	Sunder Machine Gun	61	35-46
6	Ruin Machine Gun	76	48-61
7	Obliterator Machine Gun	91	63-79

Experimental Ranged — Full Tables

Rail Carbine — Line 1 (Armor Penetration) | 8 items | Implicit throughout: +28% Armor penetration on hits

Tier	Name	Level	Base Damage
1	Crude Rail Carbine	1	7-15
2	Service Rail Carbine	14	17-27
3	Combat Rail Carbine	27	29-41
4	War Rail Carbine	40	43-57
5	Heavy Rail Carbine	53	59-75
6	Warlord's Rail Carbine	66	77-95
7	Titan's Rail Carbine	79	97-117
8	Devastator's Rail Carbine	91	119-143

Rail Carbine — Line 2 (Critical Strike) | 7 items | Implicit throughout: +16% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Marksman's Rail Carbine	1	6-13
2	Sharpshooter's Rail Carbine	16	15-24
3	Precision Rail Carbine	31	26-37
4	Deadeye's Rail Carbine	46	39-52
5	Assassin's Rail Carbine	61	54-69
6	Executioner's Rail Carbine	76	71-88
7	Headhunter's Rail Carbine	91	90-109

Voltage Pistol — Line 1 (Lightning) | 8 items | Implicit throughout: +20% increased Lightning damage

Tier	Name	Level	Base Damage
1	Static Pistol	1	4-9
2	Volt Pistol	14	11-18
3	Charge Pistol	27	20-29
4	Thunder Pistol	40	31-42
5	Storm Pistol	53	44-57
6	Tempest Pistol	66	59-74

7	Cyclone Pistol	79	76-93
8	Maelstrom Pistol	91	95-115

Voltage Pistol — Line 2 (Electrocute) | 7 items | Implicit throughout: +22% increased Electrocute duration

Tier	Name	Level	Base Damage
1	Suppressor Volt Pistol	1	3-7
2	Disruptor Volt Pistol	16	9-15
3	Interruptor Volt Pistol	31	17-25
4	Breaker Volt Pistol	46	27-37
5	Sunder Volt Pistol	61	39-51
6	Ruin Volt Pistol	76	53-67
7	Obliterator Volt Pistol	91	69-85

Pressurized Rifle — Line 1 (High Damage) | 8 items | Implicit throughout: +13% increased Physical damage

Tier	Name	Level	Base Damage
1	Crude Pressure Rifle	1	8-17
2	Service Pressure Rifle	14	19-31
3	Combat Pressure Rifle	27	33-47
4	War Pressure Rifle	40	49-65
5	Heavy Pressure Rifle	53	67-85
6	Warlord's Pressure Rifle	66	87-107
7	Titan's Pressure Rifle	79	109-131
8	Devastator's Pressure Rifle	91	133-159

Pressurized Rifle — Line 2 (Explosive/AoE) | 7 items | Implicit throughout: +22% increased Explosive damage

Tier	Name	Level	Base Damage
1	Burst Pressure Rifle	1	7-15
2	Detonator Pressure Rifle	16	17-27
3	Blaster Pressure Rifle	31	29-41

4	Explosive Pressure Rifle	46	43-57
5	Demolisher Pressure Rifle	61	59-75
6	Devastator Pressure Rifle	76	77-95
7	Obliterator Pressure Rifle	91	97-117

Thermal Pistol — Line 1 (Fire) | 8 items | Implicit throughout: +20% increased Fire damage

Tier	Name	Level	Base Damage
1	Crude Thermal Pistol	1	4-9
2	Service Thermal Pistol	14	11-18
3	Combat Thermal Pistol	27	20-29
4	War Thermal Pistol	40	31-42
5	Heavy Thermal Pistol	53	44-57
6	Warlord's Thermal Pistol	66	59-74
7	Titan's Thermal Pistol	79	76-93
8	Devastator's Thermal Pistol	91	95-115

Thermal Pistol — Line 2 (Ignite) | 7 items | Implicit throughout: +24% increased Ignite duration

Tier	Name	Level	Base Damage
1	Igniter Pistol	1	3-7
2	Scorcher Pistol	16	9-15
3	Incendiary Pistol	31	17-25
4	Immolator Pistol	46	27-37
5	Conflagrator Pistol	61	39-51
6	Inferno Pistol	76	53-67
7	Purgatory Pistol	91	69-85

Jet Rifle — Line 1 (Fire/AoE) | 8 items | Implicit throughout: +18% increased Fire damage

Tier	Name	Level	Base Damage
1	Crude Jet Rifle	1	6-13
2	Service Jet Rifle	14	15-24
3	Combat Jet Rifle	27	26-37

4	War Jet Rifle	40	39-52
5	Heavy Jet Rifle	53	54-69
6	Warlord's Jet Rifle	66	71-88
7	Titan's Jet Rifle	79	90-109
8	Devastator's Jet Rifle	91	111-133

Jet Rifle — Line 2 (Scorch) | 7 items | Implicit throughout: +26% increased Scorch duration

Tier	Name	Level	Base Damage
1	Scorcher Jet Rifle	1	5-11
2	Incendiary Jet Rifle	16	13-21
3	Immolator Jet Rifle	31	23-33
4	Conflagrator Jet Rifle	46	35-47
5	Inferno Jet Rifle	61	49-63
6	Purgatory Jet Rifle	76	65-81
7	Apocalypse Jet Rifle	91	83-101

Conduits

All Conduit base damage represents Spell Power. Implicits present throughout all tiers.

Wand — 3 Lines

Line 1 — High Spell Damage | 9 items | Implicit throughout: +12% increased Spell damage

Tier	Name	Level	Base Spell Power
1	Crude Wand	1	5-11
2	Iron Wand	12	13-21
3	War Wand	23	23-33
4	Battle Wand	34	35-47
5	Heavy Wand	45	49-63
6	Warlord's Wand	56	65-81
7	Titan's Wand	67	83-101

8	Colossus Wand	79	103-123
9	Devastator's Wand	91	125-149

Line 2 — Critical Strike | 8 items | Implicit throughout: +15% increased Critical Strike Chance

Tier	Name	Level	Base Spell Power
1	Duelist's Wand	1	4-9
2	Marksman's Wand	14	11-18
3	Precision Wand	27	20-29
4	Deadeye's Wand	40	31-42
5	Assassin's Wand	53	44-57
6	Executioner's Wand	66	59-74
7	Headhunter's Wand	79	76-93
8	Bladesinger's Wand	91	95-115

Line 3 — Cast Speed | 7 items | Implicit throughout: +20% increased Cast Speed

Tier	Name	Level	Base Spell Power
1	Swift Wand	1	3-7
2	Quick Wand	16	9-15
3	Blur Wand	31	17-25
4	Tempest Wand	46	27-37
5	Cyclone Wand	61	39-51
6	Maelstrom Wand	76	53-67
7	Vortex Wand	91	69-85

Staff — 3 Lines

Line 1 — High Spell Damage | 9 items | Implicit throughout: +14% increased Spell damage

Tier	Name	Level	Base Spell Power
1	Crude Staff	1	6-13
2	Iron Staff	12	15-24
3	War Staff	23	26-37

4	Battle Staff	34	39-52
5	Heavy Staff	45	54-69
6	Warlord's Staff	56	71-88
7	Titan's Staff	67	90-109
8	Colossus Staff	79	111-133
9	Devastator's Staff	91	135-161

Line 2 — AoE | 8 items | Implicit throughout: +22% increased AoE radius on spells

Tier	Name	Level	Base Spell Power
1	Sweeping Staff	1	5-11
2	Reaping Staff	14	13-21
3	Cleaving Staff	27	23-33
4	Harvesting Staff	40	35-47
5	Reaper's Staff	53	49-63
6	Devastator's Staff	66	65-81
7	Obliterator's Staff	79	83-101
8	Annihilator's Staff	91	103-125

Line 3 — Channeling | 7 items | Implicit throughout: +25% increased Channeling effectiveness

Tier	Name	Level	Base Spell Power
1	Channeling Staff	1	4-9
2	Sustaining Staff	16	11-18
3	Enduring Staff	31	20-29
4	Persistent Staff	46	31-42
5	Relentless Staff	61	44-57
6	Undying Staff	76	59-74
7	Eternal Staff	91	76-93

Remaining Conduits — Summary Tables

Full tier tables follow the same pattern. Implicits throughout all tiers for all Conduit types.

Conduit	Lines	Line Identities	Implicits Throughout
Rod	2	High Spell Damage Debuff/DoT	+13% Spell damage +22% Debuff effectiveness
Focus	3	Critical Strike High Spell Damage Cast Speed	+16% Crit Chance +14% Spell damage +22% Cast Speed
Tome	2	High Spell Damage Debuff/Ailment	+13% Spell damage +24% Ailment effectiveness
Talisman	2	Ward/Esoteric Debuff	+15% Ward Threshold while wielding +22% Debuff duration
Seal	2	Ward Restoration Binding/Debuff	+16% Ward Restoration +24% Debuff effectiveness
Charm	2	Critical Strike Ailment	+14% Crit Chance +22% Ailment duration
Lantern	2	Aetheric Pale/Threshold	+18% Aetheric damage +20% Pale damage
Spell Gauntlet	2	High Spell Damage Stagger Hybrid	+14% Spell damage +18% Stagger effect on spell hit
Athame	3	Critical Strike Ritual/Esoteric Bleed/Physical	+17% Crit Chance +20% Esoteric damage +22% Bleed damage
Grimoire	2	High Spell Damage Debuff/Curse	+15% Spell damage +26% Debuff effectiveness
Fetish	2	Esoteric/Pale Ailment/DoT	+18% Pale damage +24% DoT damage

Armor Pieces

Final tier only gets the implicit modifier. Quality tiers — Normal: no multiplier, Superior: 15% on defensive stats, Masterwork: 30% on defensive stats.

Body Armour — 8 Lines

Line 1 — Maximum Armor | 9 items | Final tier implicit: +11% increased Armor

Tier	Name	Level	Base Armor
1	Padded Coat	1	27-43
2	Leather Coat	12	51-73

3	Studded Coat	23	81-109
4	Chain Coat	34	117-151
5	Plate Coat	45	159-199
6	Heavy Plate	56	207-253
7	Titan Plate	67	261-313
8	Colossus Plate	79	321-379
9	Bastion Plate	91	387-447

Line 2 — Armor + Life | 8 items | Final tier implicit: +flat Life

Tier	Name	Level	Base Armor
1	Reinforced Coat	1	23-37
2	Fortified Coat	14	39-61
3	Warden's Coat	27	63-93
4	Guardian's Plate	40	95-131
5	Sentinel's Plate	53	133-175
6	Protector's Plate	66	177-225
7	Defender's Plate	79	227-281
8	Bastion Plate	91	283-341

Line 3 — Maximum Evasion | 9 items | Final tier implicit: +13% increased Evasion

Tier	Name	Level	Base Evasion
1	Crude Vest	1	200-320
2	Leather Vest	12	340-490
3	Stalker's Vest	23	510-680
4	Scout's Vest	34	700-880
5	Shadow Vest	45	900-1,101
6	Ghost Vest	56	1,121-1,341
7	Phantom Vest	67	1,361-1,601
8	Wraith's Carapace	79	1,621-1,901
9	Specter's Carapace	91	1,921-2,221

Line 4 — Evasion + Deflection | 8 items | Final tier implicit: +% increased Deflection Chance

Tier	Name	Level	Base Evasion
1	Drifter's Coat	1	181-291
2	Wanderer's Coat	14	311-451
3	Ranger's Coat	27	471-631
4	Hunter's Coat	40	651-821
5	Predator's Coat	53	841-1,021
6	Stalker's Coat	66	1,041-1,241
7	Phantom's Coat	79	1,261-1,481
8	Specter's Coat	91	1,501-1,751

Line 5 — Maximum Ward | 8 items | Final tier implicit: +14% increased Ward Threshold

Tier	Name	Level	Base Ward
1	Aetheric Wrap	1	161-261
2	Veil Wrap	14	281-401
3	Pale Wrap	27	421-561
4	Threshold Coat	40	581-731
5	Veilborn Coat	53	751-921
6	Aetherial Coat	66	941-1,121
7	Mantle Coat	79	1,141-1,361
8	Void Carapace	91	1,381-1,601

Line 6 — Armor/Evasion Hybrid | 8 items | Final tier implicit: +9% Armor, +9% Evasion

Tier	Name	Level	Base Armor	Base Evasion
1	Brigandine	1	17-29	43-71
2	Reinforced Leather	14	33-51	79-117
3	Battle Coat	27	55-79	121-167
4	Warden's Brigandine	40	83-113	171-223
5	Hunter's Plate	53	117-153	227-287
6	Ranger's Plate	66	157-199	291-359

6	Warlord's Rune Shield	66	133-173	25%	643-841
7	Titan's Rune Shield	79	175-221	27%	843-1,071
8	Colossus Rune Shield	91	223-275	29%	1,073-1,331

Line 2 — Esoteric/Spell | 7 items | Final tier implicit: +18% increased Esoteric damage while wielding

Tier	Name	Level	Base Ward	Block Chance	Block Threshold
1	Occult Rune Shield	1	11-19	17%	67-117
2	Mystic Rune Shield	16	21-33	19%	119-189
3	Arcane Rune Shield	31	35-51	21%	191-281
4	Veil Rune Shield	46	53-73	23%	283-401

5	Pale Rune Shield	61	75-99	25%	403-551
6	Threshold Rune Shield	76	101-129	27%	553-731
7	Voidborn Rune Shield	91	131-163	29%	733-941

Warded Barrier — 1 Line

Line 1 — Maximum Ward | 8 items | Final tier implicit: +20% increased Ward Threshold

Tier	Name	Level	Base Ward	Block Chance	Block Threshold
1	Crude Warded Barrier	1	17-31	13%	67-117
2	Iron Warded Barrier	14	33-55	15%	119-189
3	War Warded Barrier	27	57-87	17%	191-281
4	Battle Warded Barrier	40	89-127	19%	283-401
5	Heavy Warded Barrier	53	129-175	21%	403-551
6	Warlord's Warded Barrier	66	177-231	23%	553-731
7	Titan's Warded Barrier	79	233-295	25%	733-941
8	Colossus Warded Barrier	91	297-367	27%	943-1,181

Pavise — 1 Line

Line 1 — Stationary Fortress | 8 items | Final tier implicit: +16% increased Armor, +14% increased Block Threshold

Tier	Name	Level	Base Armor	Block Chance	Block Threshold
1	Crude Pavise	1	15-27	21%	151-269
2	Iron Pavise	14	29-47	23%	271-431

3	War Pavise	27	49-73	25%	433-641
4	Battle Pavise	40	75-107	27%	643-901
5	Heavy Pavise	53	109-149	29%	903-1,211
6	Warlord's Pavise	66	151-199	31%	1,213-1,571
7	Titan's Pavise	79	201-257	33%	1,573-1,981
8	Colossus Pavise	91	259-321	35%	1,983-2,441

Accessories

Single tier items — no progression lines. Implicit is the item identity.

Amulets

Name	Implicit Range
Vitality Pendant	+17-29 Vitality
Strength Pendant	+17-29 Strength
Instinct Pendant	+17-29 Instinct
Arcane Pendant	+17-29 Arcane
Enigma Pendant	+17-29 Enigma
Intellect Pendant	+17-29 Intellect
Convergence Pendant	+9-15 to all Attributes
Aetheric Conduit	+31-53 Aether capacity
Vital Pendant	+1.1-1.9 Life regeneration per second
Resonant Pendant	+1.1-1.9 Mana regeneration per second

Rings

Name	Implicit Range
Ward Ring	+87-143 Ward Threshold
Ember Ring	+11-27% Fire Resistance
Frost Ring	+11-27% Cold Resistance

Volt Ring	+11-27% Lightning Resistance
Vital Ring	+7-13% increased Life
Resonant Ring	+7-13% increased Mana
Iron Ring	+53-89 Flat Armor
Swift Ring	+13-21% increased Evasion

Belts

Name	Implicit Range
Iron Belt	+67-113 Flat Armor
Leather Belt	+181-307 Flat Evasion
Strength Belt	+9-17% increased Physical damage
Resilience Belt	+11-19% Stun Recovery
Endurance Belt	+13-21% Stamina Regeneration

Throwables

Two lines each. Final tier only gets implicit.

Throwing Knives — 2 Lines

Line 1 — Bleed | 8 items | Final tier implicit: +24% increased Bleed damage

Tier	Name	Level	Base Damage
1	Crude Throwing Knife	1	2-5
2	Iron Throwing Knife	14	7-11
3	Serrated Throwing Knife	27	13-18
4	Barbed Throwing Knife	40	20-27
5	Thorn Throwing Knife	53	29-38
6	Fang Throwing Knife	66	40-51
7	Venomfang Knife	79	53-66
8	Exsanguinator's Knife	91	68-83

Line 2 — Critical Strike | 7 items | Final tier implicit: +18% increased Critical Strike Chance

Tier	Name	Level	Base Damage
1	Light Throwing Knife	1	2-4
2	Swift Throwing Knife	16	6-9
3	Precision Knife	31	11-15
4	Deadeye's Knife	46	17-22
5	Assassin's Knife	61	24-31
6	Executioner's Knife	76	33-42
7	Headhunter's Knife	91	44-55

Impact Hatchet — 2 Lines

Line 1 — Stagger | 8 items | Final tier implicit: +22% increased Stagger effect

Tier	Name	Level	Base Damage
1	Crude Hatchet	1	4-9
2	Iron Hatchet	14	11-18
3	War Hatchet	27	20-29
4	Battle Hatchet	40	31-42
5	Heavy Hatchet	53	44-57
6	Warlord's Hatchet	66	59-74
7	Titan's Hatchet	79	76-93
8	Devastator's Hatchet	91	95-115

Line 2 — High Damage | 7 items | Final tier implicit: +14% increased Physical damage

Tier	Name	Level	Base Damage
1	Heavy Hatchet	1	5-11
2	War Hatchet	16	13-21
3	Battle Hatchet	31	23-33
4	Crusher Hatchet	46	35-47
5	Breaker Hatchet	61	49-63
6	Sunder Hatchet	76	65-81

7	Ruin Hatchet	91	83-101
---	--------------	----	--------

Pressure Javelin — 2 Lines

Line 1 — Piercing | 8 items | Final tier implicit: +20% increased Piercing damage

Tier	Name	Level	Base Damage
1	Crude Javelin	1	5-11
2	Iron Javelin	14	13-21
3	War Javelin	27	23-33
4	Battle Javelin	40	35-47
5	Heavy Javelin	53	49-63
6	Warlord's Javelin	66	65-81
7	Titan's Javelin	79	83-101
8	Devastator's Javelin	91	103-125

Line 2 — AoE | 7 items | Final tier implicit: +24% increased AoE radius

Tier	Name	Level	Base Damage
1	Burst Javelin	1	4-9
2	Detonator Javelin	16	11-18
3	Blaster Javelin	31	20-29
4	Explosive Javelin	46	31-42
5	Demolisher Javelin	61	44-57
6	Devastator Javelin	76	59-74
7	Obliterator Javelin	91	76-93

Grenade — 2 Lines

Line 1 — High Damage | 8 items | Final tier implicit: +16% increased Explosive damage

Tier	Name	Level	Base Damage
1	Crude Grenade	1	6-13
2	Iron Grenade	14	15-24

3	War Grenade	27	26-37
4	Battle Grenade	40	39-52
5	Heavy Grenade	53	54-69
6	Warlord's Grenade	66	71-88
7	Titan's Grenade	79	90-109
8	Devastator's Grenade	91	111-133

Line 2 — AoE | 7 items | Final tier implicit: +26% increased AoE radius

Tier	Name	Level	Base Damage
1	Scatter Grenade	1	5-11
2	Burst Grenade	16	13-21
3	Detonator Grenade	31	23-33
4	Blaster Grenade	46	35-47
5	Explosive Grenade	61	49-63
6	Demolisher Grenade	76	65-81
7	Obliterator Grenade	91	83-101

Infusion Grenade — 2 Lines

Line 1 — Elemental/Esoteric Damage | 8 items | Final tier implicit: +18% increased Elemental and Esoteric damage

Tier	Name	Level	Base Damage
1	Crude Infusion Grenade	1	5-11
2	Iron Infusion Grenade	14	13-21
3	War Infusion Grenade	27	23-33
4	Battle Infusion Grenade	40	35-47
5	Heavy Infusion Grenade	53	49-63
6	Warlord's Infusion Grenade	66	65-81
7	Titan's Infusion Grenade	79	83-101
8	Devastator's Infusion Grenade	91	103-125

Line 2 — Status Effect | 7 items | Final tier implicit: +24% increased Status Effect duration

Tier	Name	Level	Base Damage
1	Cursing Infusion Grenade	1	4-9
2	Affliction Infusion Grenade	16	11-18
3	Torment Infusion Grenade	31	20-29
4	Anguish Infusion Grenade	46	31-42
5	Suffering Infusion Grenade	61	44-57
6	Agony Infusion Grenade	76	59-74
7	Tormentor's Infusion Grenade	91	76-93

26 — Ability Staging Ground

Abilities are thrown in raw and sorted by damage type. Not all entries will be added to the game. This is a staging ground for eureka moments to be sorted through later.

Elemental — Cold

Ice Pulse

A rapid shimmer of freezing energy radiates outward from the caster, coating nearby enemies in a thin layer of ice on contact. Quick to execute, low commitment. Applies Chill on hit.

Comet

A frozen mass of ice and compressed cold energy plunges from above into a targeted area. Deals massively increased damage against enemies that are Chilled or Frozen. High motion value, high commitment.

Winter's Eye

A slow-moving orb of frozen energy launched toward a target area. Continuously fires a spiral of icicles at nearby enemies as it travels. Detonates at end of duration, dealing burst Cold damage. Applies Chill on icicle hits.

Frost Armor

A layer of frozen energy coats the Freeblood. Enemies that strike in melee range trigger a Retaliation Damage burst of Cold damage. Applies Chill on retaliation hit.

Elemental — Fire

Flame Jets

A sustained torrent of fire expelled forward, hitting enemies multiple times over a short channel duration. Applies Scorch and Ignite on prolonged contact. Low motion value per hit, high total damage on full channel.

Meteor

A mass of molten slag descends from above, crashing into a targeted area and dealing heavy Fire damage on impact. Applies Ignite on hit. High motion value, high commitment.

Purity From Within

Ignites the Freeblood from within, burning away a percentage of maximum Health every second. That same value radiates outward as Fire damage to surrounding enemies continuously. Grants a bonus to spell damage for all spells other than itself while active.

Elemental — Lightning

Thunder Javelin

A bolt of lightning hurled at a single target. Fast projectile, single target focus. Applies Electrocute on hit.

Thunder Sweep

A burst of lightning erupts from the Freeblood, striking all surrounding enemies simultaneously. Applies Electrocute on hit.

Conduit (Passive)

Electrocuted enemies within a set radius take increased Lightning damage from the Freeblood.

Esoteric — Entropic

Black Hole

Summons a point of collapsing incoherence that drags surrounding enemies toward its center for a short duration. High setup potential, low direct damage.

Physical

Caltrops

Scatter caltrops across a designated ground area. Enemies that walk through take Piercing damage and are slowed.

Prowess (Passive)

Increases motion values by a percentage across all attacks.

Blinkstrike

Teleport instantly to a target enemy and deliver a melee strike on arrival. Closes distance in zero frames. Damage and scaling tied to equipped melee weapon.

Utility

Purge

A burst of cleansing force radiates from the Freeblood, stripping buffs from surrounding enemies while simultaneously clearing debuffs from the caster. No damage component.

Blink

Teleport a short distance in a targeted direction. No attack component.
